Director

Sunshine Smiles & May Ride's Helping Hands for Our Heroes!

Hey everyone! Can you feel it? Spring is definitely here, and April's giving us those perfect riding days we've been dreaming about! The sun's out, the roads are calling, and it's time to get those bikes purring. Imagine: gentle breezes, gorgeous scenery, and that amazing feeling of freedom only a motorcycle ride can give. Let's make the most of this beautiful weather and create some unforgettable memories on two wheels!

Whether its a relaxed cruise to the coast, a fun adventure through the hills, or just a leisurely ride to enjoy the blooming countryside, April's got your back.

Why April is a Rider's Best Friend:

- * *Perfect Temps*: No more shivering! We've got that sweet spot of warmth that's just right for long, comfy rides.
- * *Blue Skies Forever*: Say goodbye to those gloomy days and hello to sunshine and clear views!
- * *Nature's Show*: Everything's bursting with color! The flowers, the trees, it's like riding through a postcard.
- * *Extra Daylight*: More hours of sunshine means more time to ride! Who could ask for more?

Looking Ahead to May 17: *May Ride* and Lending a Hand to the Armed Services YMCA!

While we're loving these perfect April rides, let's also chat about the *May Ride* coming up! We support this event each year. It's all about giving back to our community while doing what we love most: riding together!

To make *May Ride* a roaring success, we need you! We're looking for friendly folks to help out with a bunch of fun and important roles. Ways you can help out:

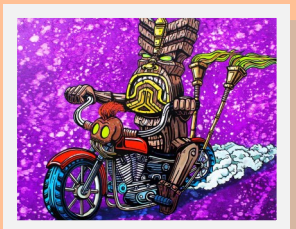

- * *Registration Booth*: Greet riders with a smile and help them get checked in.
- * *Poker Stop Heroes*: Help players pick their hand at our pit stops.
- * *Setup and Cleanup Champs*: Help us get everything ready, including the HOG tent, and tidy up afterwards.
- * *Biggs Hog Tent Helpers*: assist with the Biggs HOG tent and serving food.
- * *Bake Sale Chefs*: Make delicious treats for the fundraising bake sale.

Why Volunteer? It's a Win-Win for Our Heroes!

- * *You'll Make a Real Difference*: Directly support the Armed Services YMCA and our local military families.
- * *You'll Feel Awesome*: There's nothing like the feeling of giving back to those who serve.

Ready to Jump In?

We'd love for you to join us! Sign up for your favorite volunteer spot by reaching out to volunteers@biggshog.com. Every little bit helps, and we'll be so grateful for your support in honoring our armed services families.

Let's enjoy these amazing April rides and make the *May Ride* an incredible day for everyone, especially those supported by the *May Ride*!

Ride safe, have fun, and we'll see you on the road and on May 17 at the *May Ride*!

New Let's Ride Challenge Celebrates Heroes and Rewards Riders

Homes For Our Troops Poker Run

100% of the Profits go to *Homes For Our Troops (HFOT)* to support new specially adapted homes like the one being built in Valley Center for Corporal Antonio Ortega and his family. The Key Ceremony is planned for September 2025.

For the past several years, Biggs HOG has supported several of these *HFOT* builds around San Diego's North County. We have participated in the motorcycle escort to the house for the Key Ceremony and made a financial donation at the event to support the cost of the home. This year we are looking to step that up and take on a little more. We have decided to use our Chapter's Poker Run as a fund raiser for *HFOT*. Please help us support this great cause.

Group Riding Best Practices

Keep the group to a manageable size. Ideally, five to seven riders. If necessary, break the group into smaller sub-groups, separated by a few seconds, each with a lead and sweep rider.

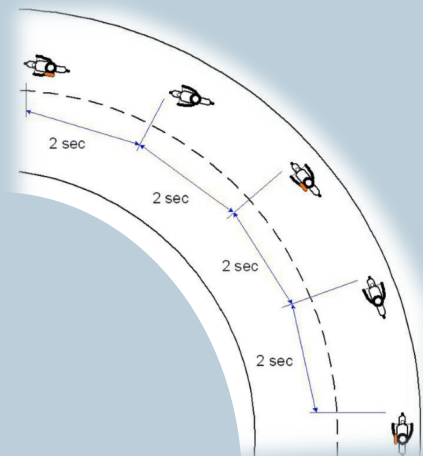

Ride prepared. At least one rider in each group should have a first-aid kit and full tool kit, and all riders should carry a cell phone, so the group is prepared for any problem that they might encounter.

Ride in formation

The *STAGGER RIDING FORMATION* allows a proper space cushion between motorcycles so that each rider has enough time and space to maneuver and to react to hazards. The leader rides in the left third of the lane, while the next rider stays at least one second behind in the right third of the lane; the rest of the group follows the same pattern.

A *SINGLE-FILE FORMATION* with a minimum 2-second following distance is preferred on a curvy road, under conditions of poor visibility or poor road surfaces, entering/leaving highways, or other situations where an increased space cushion or maneuvering room is needed.

Avoid side-by-side formations, as they reduce the space cushion. If you suddenly needed to swerve to avoid a hazard, you would not have room to do so. You don't want handlebars to get entangled.

Periodically check the riders behind you using your rear view mirrors. If you see a rider falling behind, slow down so they may catch up. If all the riders in the group use this procedure, the group should be able to maintain a fairly steady speed without pressure to ride too fast to catch up.

If a rider leaves during the ride, the rest of the group should re-form the staggered formation by Criss-Crossing into the next vacant position. Although it would seem more efficient for the column directly behind the missing rider to move up, we do not recommend it because passing another rider within a lane can be risky.

Formation 101 teaches all of these and much more. If you haven't attended in a while, we recommend you do to refresh your memory on these and many other ... Group Riding Best Practices

Please "Trade Up" Your Feather Pins

If you have 5 or more Red or Blue Feather Pins, please bring them to a ride or Chapter Meeting to "trade up" **5 Red pins for a Blue pin** and **5 Blue pins for a White pin**. Thanks for your help in keeping our costs down; "trading up" means we don't have to order more pins.

Overnight and Long Distance Trips Tips and Advice

April showers... Nah!!! Thankfully we live in sunny Southern California! Finally! We set the clocks forward again and get that extra hour of light in the evening.

It's time for 2025's long-distance and overnight trips. These rides often entail riding several hundred miles per day and more than 1200+ miles over the course of 4 or 5 days. Let's jump into some tips and advice for handling one of these types of rides so you and everyone on the ride can enjoy MAX MILES WITH SMILES and MAKE LIFE-LASTING MEMORIES!!!

Are YOU Ready for the Trip?

Before embarking on our next big ride, take a moment to ensure you're truly prepared. Riding long distances requires skill, endurance, and the right mindset. Ask yourself:

- ✓ Can you handle long distances and varied weather conditions?
- ✓ Are you comfortable maintaining freeway speeds for extended periods without using cruise-control?
- ✓ Do you have any medical needs that others should be aware of?
- ✓ Is your head in the game? Are you distracted by other life events? If so, you may become a liability to yourself and others.

GEAR Up for Success

Proper gear can make or break your trip. Ensure you have:

- ✓ Rain gear, layered clothing for climate changes, and an evaporative cooling vest.
- ✓ A means of carrying water and access to ICE (In Case of Emergency) contacts.
- ✓ Maps, extra charging cords, trash bags, and other essentials.
- ✓ Packed gear properly—heavier items should be packed low, and essentials should be easily accessible.
- ✓ Checked the bike's weight limits; *GVWR - Running Order Weight = Your Load Capacity!*

Here's an example:

1,360 lbs	Gross Vehicle Weight Rating (GVWR)
- 910 lbs	Bike's Running Order Weight
450 lbs	Load Capacity

The weight sum of the Rider + Passenger + All Gear
must be less than the Load Capacity.

NOTE: A Leather jacket + full-face helmet + boots weigh about 13-15 lbs.

- ✓ Extra FOB (keys) and a fresh CR2032 battery (or two).
- ✓ Cash for gasoline in case cards aren't accepted.

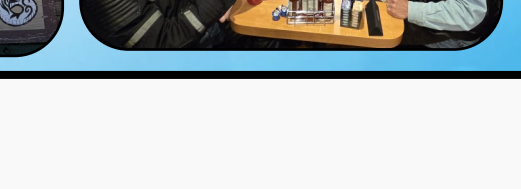

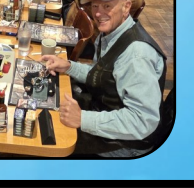

Remember, Safety Is No Accident!

Let's make April the month we take a good look at our bikes, gear, and accessories. Stay safe, have fun, and I'll see you all out on the road!

Year-Long Riding Season & HOG Rallies

Here in the United States, much of the country waits for a window of consecutive months they refer to as their “*riding season*” to get out, hit the road, and enjoy what we like to call, “miles with smiles.” For them, this “*riding season*” typically spans late spring, summer, and early fall. Aren’t we so LUCKY to LIVE where we LIVE! We are so fortunate to live in San Diego where our “*riding season*” is basically the entire year.

And for those who like the local Chapter stuff, venture on over to our calendar on our official website, www.biggshog.com. Under the “Calendar” main menu option is where you will find our interactive calendar. Here you can click on each calendar event to find out more information on that scheduled ride/event. Also, there is a page dedicated to serving up information for our long-distance and overnight trips.

And for those of you interested in the official H-D events and rallies, I’ve got your back too! See below...
