# Ladies of Harley

[Annette Hans](#)

Ladies where has this year gone? The good news -- we still have more fun planned! Remember we were collecting Christmas placemats and chargers for Meals on Wheels. Please bring these items to the November chapter meeting so Sheila Branham can deliver them to the recipients for their enjoyment during the Christmas Holidays!

Ladies of Harley will be serving veterans and riders at Pig Trail on November 9 following the Veterans Ride and Ceremony. I will need 15 ladies (or guys) to help setup, serve lunch, and clean up starting 10:00 AM and we should be done around 2:00 PM. If available, please respond "attending" on the Facebook Event Page or message Debra Raymond on Facebook. Let's support our Veterans!

Gift wrapping is fun!!! If you don't like to wrap you can help box or place bows. The fellowship is great and you can shop too! We will wrap on Black Friday November 29 and on December 7, 14, and 21. We will start at 10:00 and finish by 4:00. We will have signup sheets for gift wrap for 4 people, 2-hour shifts. Please sign up at the Nov. 2 meeting. All donations will go towards the Northwest Children's Shelter. Guys if you like to wrap gifts you are welcome too, the more the Merrier!

Start thinking of fun things to do next year, we plan to have a meeting sometime in December to plan stuff for next year! Do you want to learn to dance??

### Do you belong to a clique?

One of the biggest complaints that I have heard in four different HOG Chapters that I have ridden with is the complaints about cliques and the impact on the Chapter's wellbeing. They always ride together, they always sit together, and they don't speak to anyone but their clique! We have all heard this before in any setting in which we find ourselves. School, neighborhoods, church and yes even HOG Chapters.

**"Clique is a group of people, with a shared interest or other features in common who spend time together and do not readily allow others to join them."**

Well surprise, we all belong to a clique. We have a shared interest in Harley-Davidson Motorcycles. We share an interest in riding and having fun! We spend time together riding, partying, training and planning for our small group of HOG members. The Road Captains are not a clique: anyone can apply and receive training and serve in this role. Officers are not a clique: they volunteer their time and energy to make sure we accomplish our mission and there are plenty of ways to serve as an officer. Ladies of Harley are not a clique: they are there to encourage the ladies to support activities, give back to our community and share their passion for motorcycles with other ladies and families in our chapter. Membership, Finance, Activities and Communication committees are not cliques: they each have a role to support our HOG Chapter. Our new Director has challenged us to break down barriers and become a larger unit of one. So, during our next event, move out of your comfort zone and meet a new member of our clique at a meeting, in the pig pen, on a ride and even during an overnight. And on our next gathering at HOG Night enjoy your friends but include some new people into our clique. Remember, ride and have fun ,and grow you circle of friends; invite someone new to share our passion.

[Paul & Charlene](#)

The Fall Foliage Ride was a big success. We could not have asked for better weather...unless your Paul and then you want it to be 95 degrees. We had 32 people take advantage of the opportunity to get away. Whether you had coffee watching the fog roll across the river early in the morning, spent time fishing, rode through the countryside, or just relaxed with no real agenda...it was a great time. Each evening found us gathered around the campfire listening to music and visiting, and even an impromptu game of glow in the dark ring toss.

For those who have never been, you really are missing out. There is nothing else like it. Make plans to attend next year.
