

## Director's Note

[David "Judge" Patterson](#)

We learn to ride. We learn to be respectful. We should get to know who we ride along side.  
I challenge each of you to meet someone new at our next activity, meeting or function.

## WHAT IS YOUR SPARK????

[Chuck "Tusk" Yarbrough](#)

About 10 years ago Harley Davidson had a program call **What was your spark** to Ride Motorcycles? What was yours? Take some time to define your reason for riding. Did you have a relative that rode? Was it just a way to claim your freedom from parents? Or Fonzie on Happy Days? What ever it was share your spark with others and what it means to your life.

I started riding at 12 when I got a paper route and my Dad knew why I got the route to buy a motorcycle. In the late 60 and 70s seemed like every body was getting motorcycle to ride. So, we bought a M 50 Harley 2 stroke with three speed transmission shifter on the grip. I could load up my newspapers for my route and ride to different street and park and walk the block and deliver papers to the front porch. The tips were better if delivered to the front door versus thrown in the bushes or leaves or wrong driveway.

So that was **my spark** to start to ride. My dad owned a car lot and traded for motorcycles so we had one to ride he like the British made bikes BSA, Triumph and a few Japanese bikes. Harley was too expensive. This is my last article as Head Road Captain the last three years have been great. We have about 30 current qualified RC and have begun our CPR and First Aid certification for your RC. We have had many great rides and adventures. We have some very qualified candidates to fill the role of HRC and I am confident that we will have many great rides in our future.

**HELP WANTED**

Who wants to have an exciting position on the leadership team? The webmaster position will be opening soon What, you may ask is a webmaster...

The webmaster coordinates publishing of the chapter news and activities using Facebook, E-Mail and the Web. Access to and a working knowledge of MS-Publisher or other page layout program is needed for this interesting position. We would like to get candidates and make a selection soon so that they may attend ROC training in February.

**If you would like to apply, please send your contact information to [webmaster@pigtrailhog.com](mailto:webmaster@pigtrailhog.com).**

# Activities

What a great 2019 we've had as your activity directors!! Lots of miles were ridden and lots of fun was had!!

For those who missed our chapter Christmas party, dang, you missed a great time!! Music, food, games and a gift change like you've never seen before. We won't take credit for the success of this party. We had a great committee who helped it all come together. Troy Adams, Bret and Mollie Egg, Bev Longley, Jason and Nessie Runions, Gary Ivey, Garry and Deb Raymond, Matt and Terri Green, Judge, Steve and Leanna Bell, and Charita Hutter. We couldn't have done it without you!

We are looking forward to 2020! We've set a date, Sunday, Feb 9th as a planning meeting for next years events and activities. We haven't decided on a location, but will finalize that decision soon.

Hope you are making plans to join us after the chapter meeting for our annual Polar Bear ride. This will be a lunch ride, destination to be determined.

**2020 is only going to be bigger and better!!!**

# Ladies of Harley

LOH

Hi ladies! I hope you had a great Christmas! Thank you for all your help wrapping presents for the Children's Shelter! We did awesome and raised in excess of \$500! WE appreciate the dealership's support giving us paper, boxes and other supplies to wrap.

Ladies of Harley will be planning an event for January -- either a luncheon or a dinner. I will let you know more at January 4th 2020 meeting (wow can you believe 2020?). We will be planning events soon after the Holidays!

## Secretary

Well, a new year has begun and how exciting!! ! It's going to be a great 2020! The badge order has been submitted so hopefully it won't be long before they show up.

I would like to encourage everyone to order a badge and you wear them so that we all can get use to identifying the name with the face. With so many members and now using the new member check in process, it makes it a little more difficult to associate a name to a face, and for that we apologize.

2020 are going to bring so many new adventures and opportunities to our Chapter. We're so glad that you want to share in this experience!!

## Treasurer

This past month our balance at the beginning of Dec. was \$9053. We will finish the month with \$5130. Expenses this month included \$1000 for Children's Shelter, \$2126.14 for Christmas party and \$400 for gifts.
